Dear Mr. Trombold:

NOTICE OF DEFICIENCY/LETTER OF WARNING

The purpose of this letter is to formally notify you of deficiencies in your Part B permit application, as submitted to the Kansas Department of Health and Environment (KDHE) and the Environmental Protection Agency (EPA) on March 31, 1983, and specifically in your July 9, 1984, response to the June 15, 1984, KDHE comment letter.

In the KDHE letter of November 6, 1984, the EPA and KDHE listed the remaining deficiencies and established a response date of December 6, 1984, for completely answering the letter. Failure to submit a complete Part B application by that date may result in a denial of your permit application or the assessment of civil penalties pursuant to Section 3008 of the Resource Conservation and Recovery Act (RCRA).

If you have any questions concerning the Part B application, please contact Karen Flournoy, EPA at (816) 374-6531 or John Ramsey, KDHE at (913) 862-9360.

Sincerely yours,

David A. Wagoner
